To Whom It May Concern:

In 2003, Ronnell H. Hampton was highly recommended to me as an "landscaper". My team and I witnessed his gift in exhibiting a multitude of social and problem-solving tactics.

After, 17 years of developing a business rapport with Ronnell H. Hampton; one willingly desires to acknowledge his resilient presence. Ronnell H. Hampton is highly recommended by me, Jim Bracken due to the consistency shown in professionalism, integrity and knowledge.

Best Regards,
